

SM

Regional Occupational Programs (ROP)

Success begins with you.

Business and Industry Partners

Serve as a training site and identify potential employees.

Join other successful businesses to offer work/training experiences to students.

Advise instructors and curriculum developers on changes in your industry.

Join hundreds of business leaders who meet with ROP teachers to ensure programs meet industry needs.

Fill job vacancies with qualified applicants.

Post your job openings in classrooms and career centers. ROP helps place thousands of students in rewarding jobs each year.

Act as a resource.

Speak in classes, lead tours of your business, donate equipment, and sponsor student awards.

Enroll your employees in classes to upgrade their skills.

ROP offers more than 100 classes in many careers, including:

- Agribusiness
- Arts & Communications
- Business & Marketing
- Consumer & Human Services
- Health & Medical
- Industry & Technology
- Information Technology
- Science & Technology
